a. Our investigation of the operational sets of both General Agency A and B has been conducted for four months as a result of [REDACTED] precision, which with operation EDITION and the absence of [REDACTED] several months on sick leave during the early spring and summer. In many ways, I think we are now in a far more advantageous position to proceed rapidly with the assessment of NSA and USACI than we were several months ago. In addition, we have received a number of valuable, operational material during [REDACTED] leave.

b. On 23-24 August, [REDACTED] and [REDACTED] held a series of conferences in Salzburg with [REDACTED] and his senior others, and separately with USACI.

c. USACI will be informed that his task does not warrant our present support, and, as into the field of clandestine operations or to be engaged for "substantive" work. He will attempt to inform us concerning matters that we consider of matter of separating operational information and to present each in a form on internal Austrian affairs and told to either redirect his operations into the satellite reduction in our present which of his present sources are interest and to educate him in the situation from that which we can disseminate to us.
